VS-622DT

Endless Presentation Possibilities for Small & Mid-Size Spaces

Loaded with Kramer's latest AV advancements, the VS-622DT all-in-one presentation system with six inputs and dual display outputs, opens the door to endless presentation possibilities. Built-in Kramer Maestro V1.5 room automation makes presenting easier than ever, simply plug-in-and-begin.

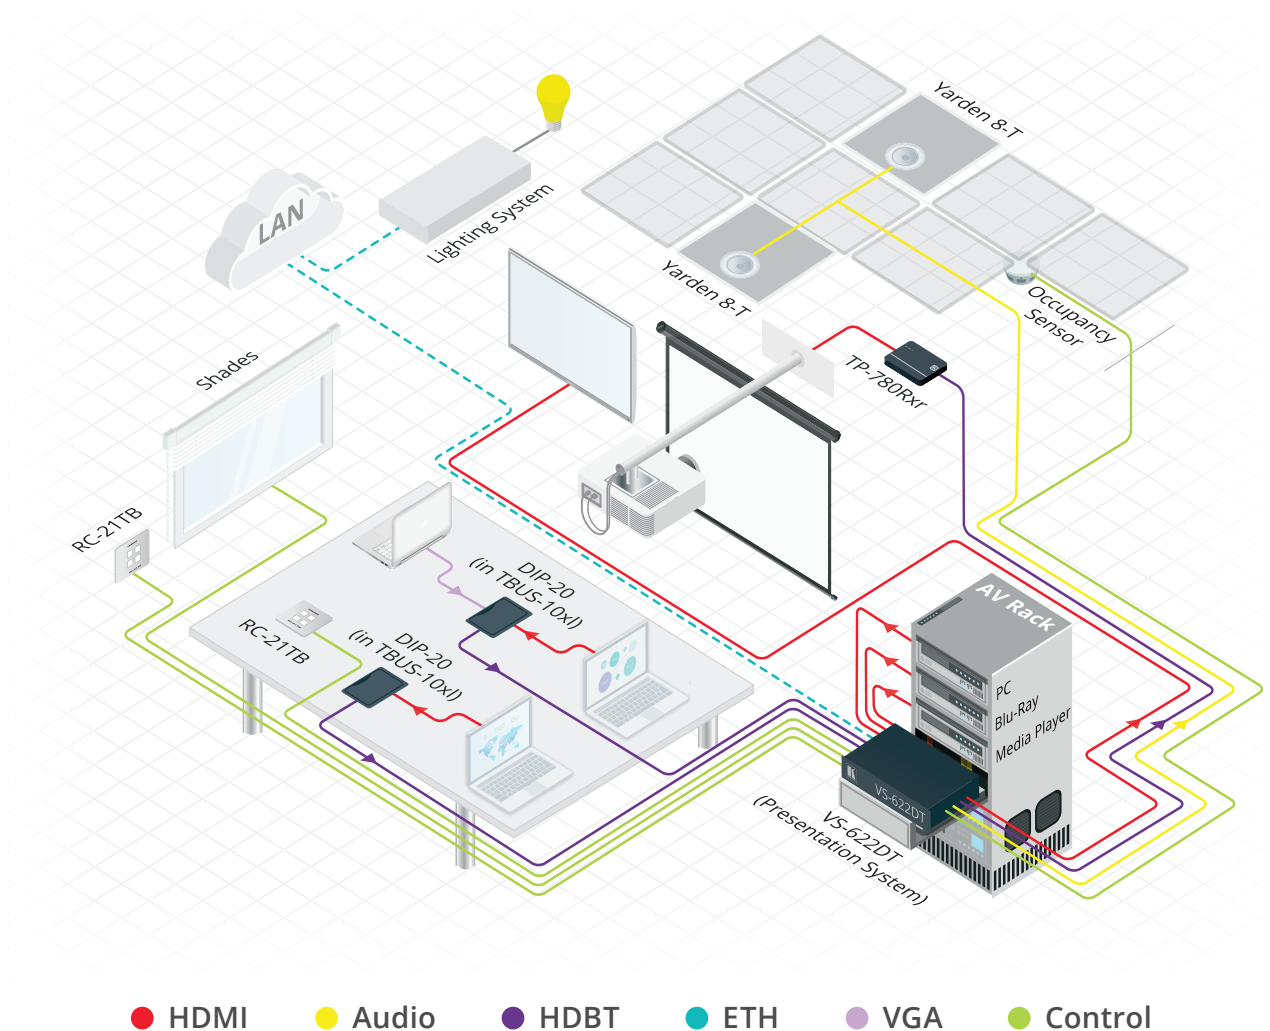

Admins can choose from the provided predefined room setting scenarios for lighting, AV and HVAC or easily create a custom scenario perfectly suited to any presentation, using the intuitive web interface.

Packing a premium power amplifier, PoE and a control gateway on top of the flexible foundation of a 6x2 HDMI™/HDBaseT matrix switcher, the VS-622DT delivers a singularly exceptional presentation experience every time.

Applications

- Small to mid-sized boardrooms
- Large meeting spaces
- Lecture halls
- Houses of worship

Boardroom Application Example

Highlights

- Max Resolution – 4K60
- Built-in HDBaseT extension for video, audio, IR, RS-232 data, and Ethernet – Up to 100m at 4K60
- Kramer Maestro V1.5 trigger and schedule-based room automation
- Built-in power amplifier with 2 x 60W at 4/8Ω
- Advanced auto AV switching
- PoE provider on all HDBaseT ports
- Control gateway
- Step-in priority supported on all inputs
- Managed by Kramer Network

All-new, All-in-One 8X4 AV Presentation Perfection

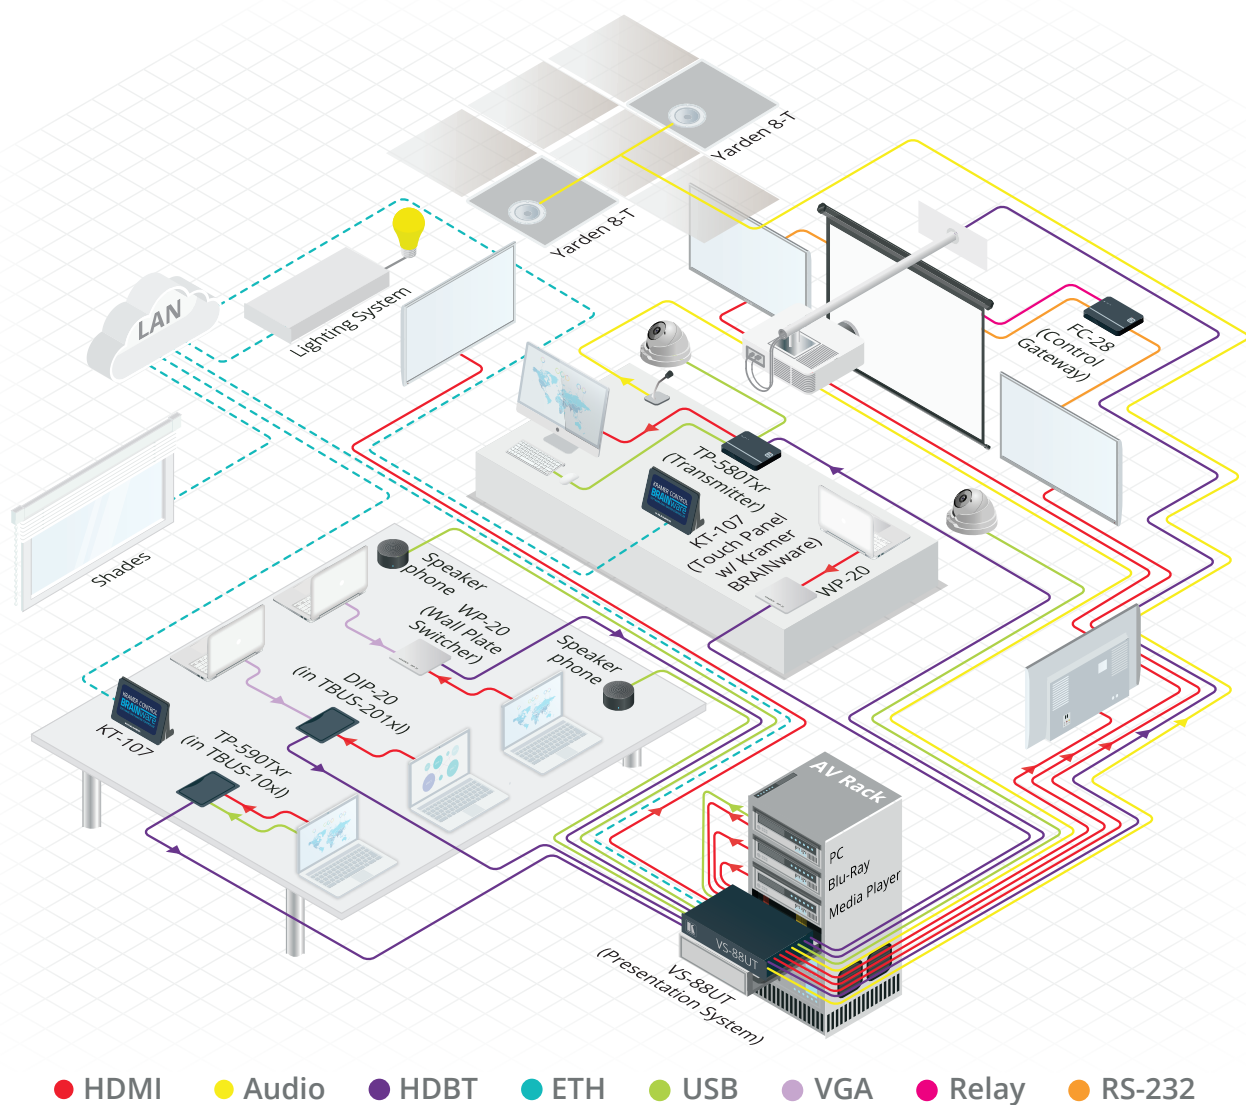

This AV work-horse is the newest addition to Kramer's all-in-one family and is ideal for larger applications that require the flexibility that 8 inputs and 4 outputs can provide. The VS-84UT inherits fast matrix switching, HDBaseT 2.0 range extension, master room controller and top-notch audio capabilities from its big brother the VS-88UT as well as its compact, all-in-one design.

Applications

- Executive boardrooms
- Conference rooms
- Large meeting spaces
- Dedicated web conferencing spaces
- Showrooms
- Visitor centers
- Lecture halls
- Training & support centers
- Houses of worship

Lecture Hall Application Example

Highlights

- Max Resolution – 4K60
- Built-in HDBaseT 2.0 extension for video, audio, IR, RS-232 data, USB, and Ethernet – Up to 100m at 4K60
- Master room controller and gateway
- PoE provider
- Full audio matrix
- Audio embedding/de-embedding, power amplifier, and mic input
- Compact 2U form factor
