Experience the Power of Digital Signage

Powered by Zignage & Kramer
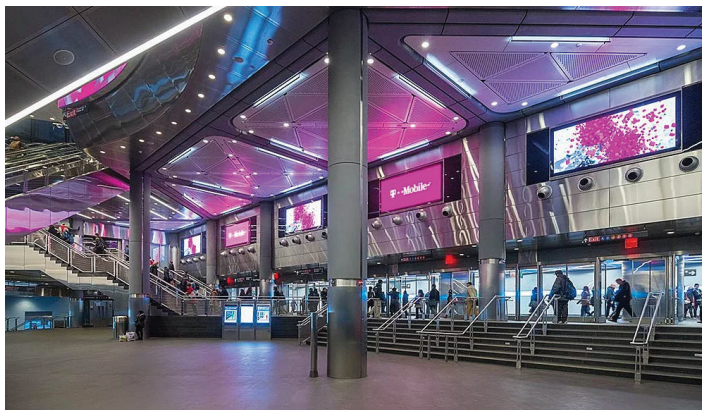

CORPORATE ANNOUNCEMENT

Kramer and Zignage have partnered to enable VIA users to take digital signage to the next level! On top of VIA's basic, built-in, free digital signage capabilities, Zignage offers professional-grade powerful services.

Zignage digital signage services have been customized to take full advantage of the VIA platform, giving subscribed users the maximum value for their spend. With a proven success record and numerous digital signage installations worldwide, Zignage digital signage services now run on any VIA device.
