## Wireless Presentation & Collaboration for Education and Training

To maximize results in the classroom, teachers need effective tools of engagement. VIA Campus is a user-friendly BYOD wireless presentation and collaboration solution that makes learning more efficient and interactive. With VIA Campus, students and teachers can view the main display on any laptop or mobile device, present instantly, edit documents together in real time, share any size file, turn the main display into a digital whiteboard, and more. VIA Campus also features e-Polling and e-Exams for easily and instantly measuring how much students are actually learning.
