VIA GO

Enhance Student Engagement in the Classroom

Wireless BYOD Presentation for iOS, Android, Chromebook, PC, & Mac

VIA GO transforms any classroom into an interactive BYOD learning experience. This simple, innovative solution lets students easily and instantly present from any tablet, phone or laptop. With both built-in Wi-Fi capabilities and connectivity to wired LAN, VIA GO is easy to install and turns any existing projector or display into a state-of-the-art, BYOD wireless-enabled device.

- Virtually no installation time
- Clutter free: No dongles, adapters or cables
- User-friendly: intuitive UI with advanced presentation technology
