

Looking for crystal clear scaling?

NOW WITH THE CLARITY OF HOLLYWOOD QUALITY VIDEO PROCESSING, THE VP-747 REPRESENTS THE HIGHEST STANDARDS IN SIGNALING SOLUTIONS.

The VP-747 In-CTRL Dual Scaler Seamless Switcher is a true multi-standard scaler and seamless switcher with 8 universal inputs comprised of 5 BNCs each, any of which can accommodate a composite video, s-Video (Y/C), component video (RGB/YUV), RGBS or RGBHV signal. Inputs 1 and 2 also can be figured to HDMI/DVI inputs.
