Kramer VSM-4x4HFS Matrix Switcher/Multi-Scaler

If one picture is worth a thousand words, what about a 2x2 video wall? Or a dual or quad display? How many words is Picture-in-Picture or Picture-and-Picture worth? Wait. Don't answer yet. Now add all that to the fastest and cleanest matrix switcher/multi-scaler in the market. How many words is that worth? A lot. But it only takes one to describe the experience. **Awesome.**
