

VS-622DT

VS-88UT

POWERFUL PRESENTATION SYSTEMS

INTRODUCING VS-622DT & VS-88UT, ADVANCED, COMPACT, MATRIX SWITCHERS
+ POWER AMP + ROOM CONTROLLER + EXTENDER

VS-88UT

The VS-88UT matrix switcher features a master room controller operated over Ethernet (LAN). It can be accessed from auxiliary controllers, such as control keypads, via a KNET™ connector interface. This interface also provides power to auxiliary controllers.

EXTENSION

With built-in HDBaseT 2.0 extension, including for USB devices, there's no need to attach additional extenders for video, audio, ethernet, IR, RS-232 data and USB.

POWER OVER ETHERNET (PoE)

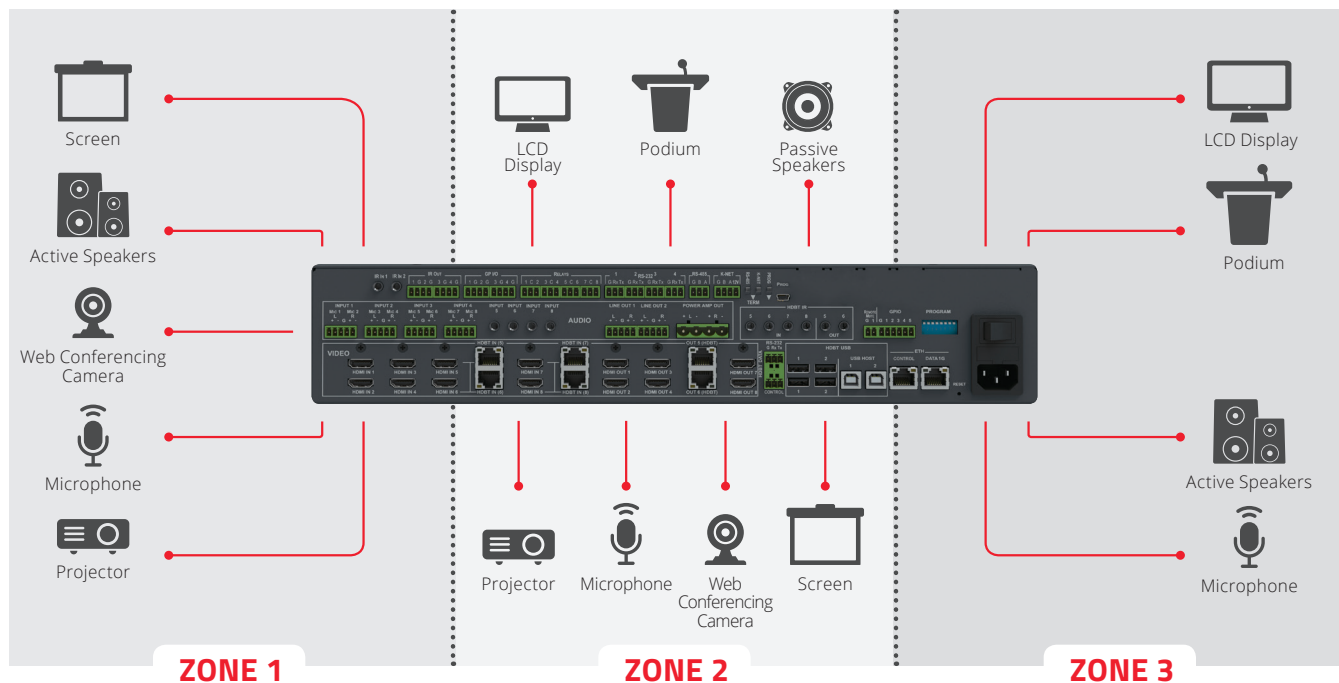

VS-88UT's support for Power over Ethernet offers added flexibility for installations.

COMPREHENSIVE AUDIO SUPPORT

Microphone inputs, audio embedding, analog audio de-embedding for distant audio distribution as well as a stereo power amplifier.

COMPACT

The VS-88UT is a compact form factor that fits in a 2U rackspace.

VS-622DT

The VS-622DT matrix switcher features Maestro room automation and a control gateway operated over Ethernet (LAN). It can be accessed from auxiliary controllers, such as control keypads, via a KNET™ connector interface. This interface also provides power to auxiliary controllers.

EXTENSION

With built-in extension, including for USB devices, there's no need to attach additional extenders for video, audio, ethernet, IR, and RS-232 data.

POWER OVER ETHERNET (PoE)

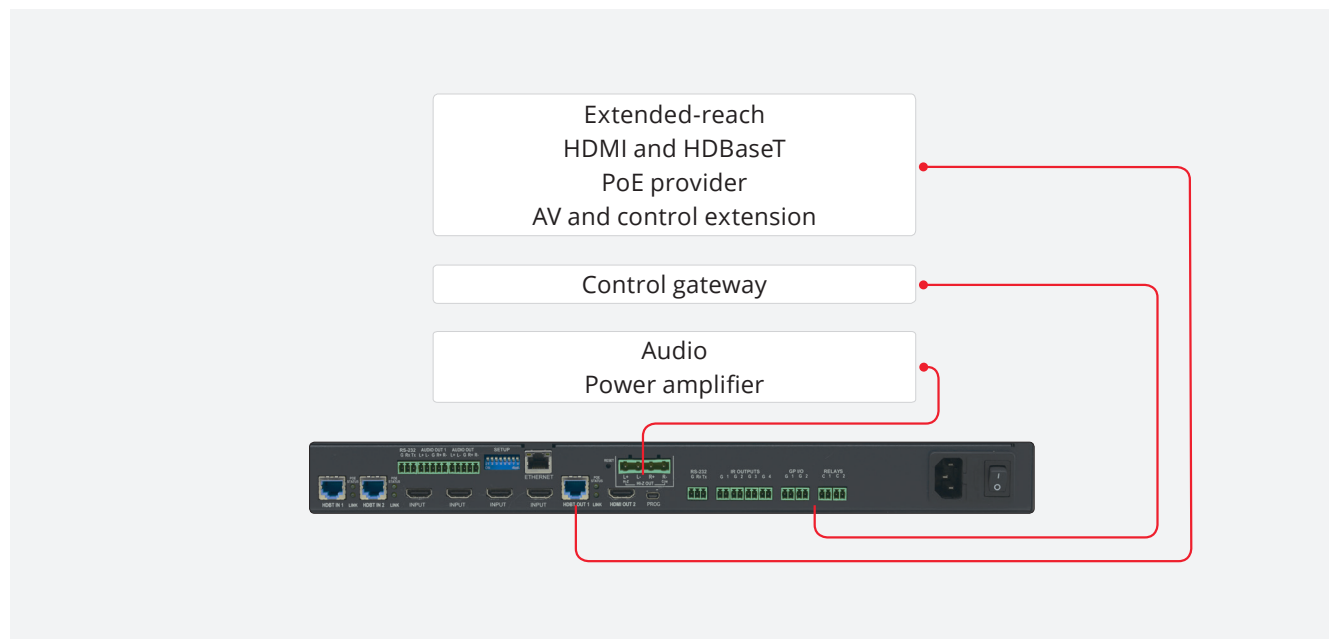

VS-622DT's support for Power over Ethernet offers added flexibility for installations.

POWERFUL AUDIO

Analog audio de-embedding for distant audio distribution as well as a stereo power amplifier.

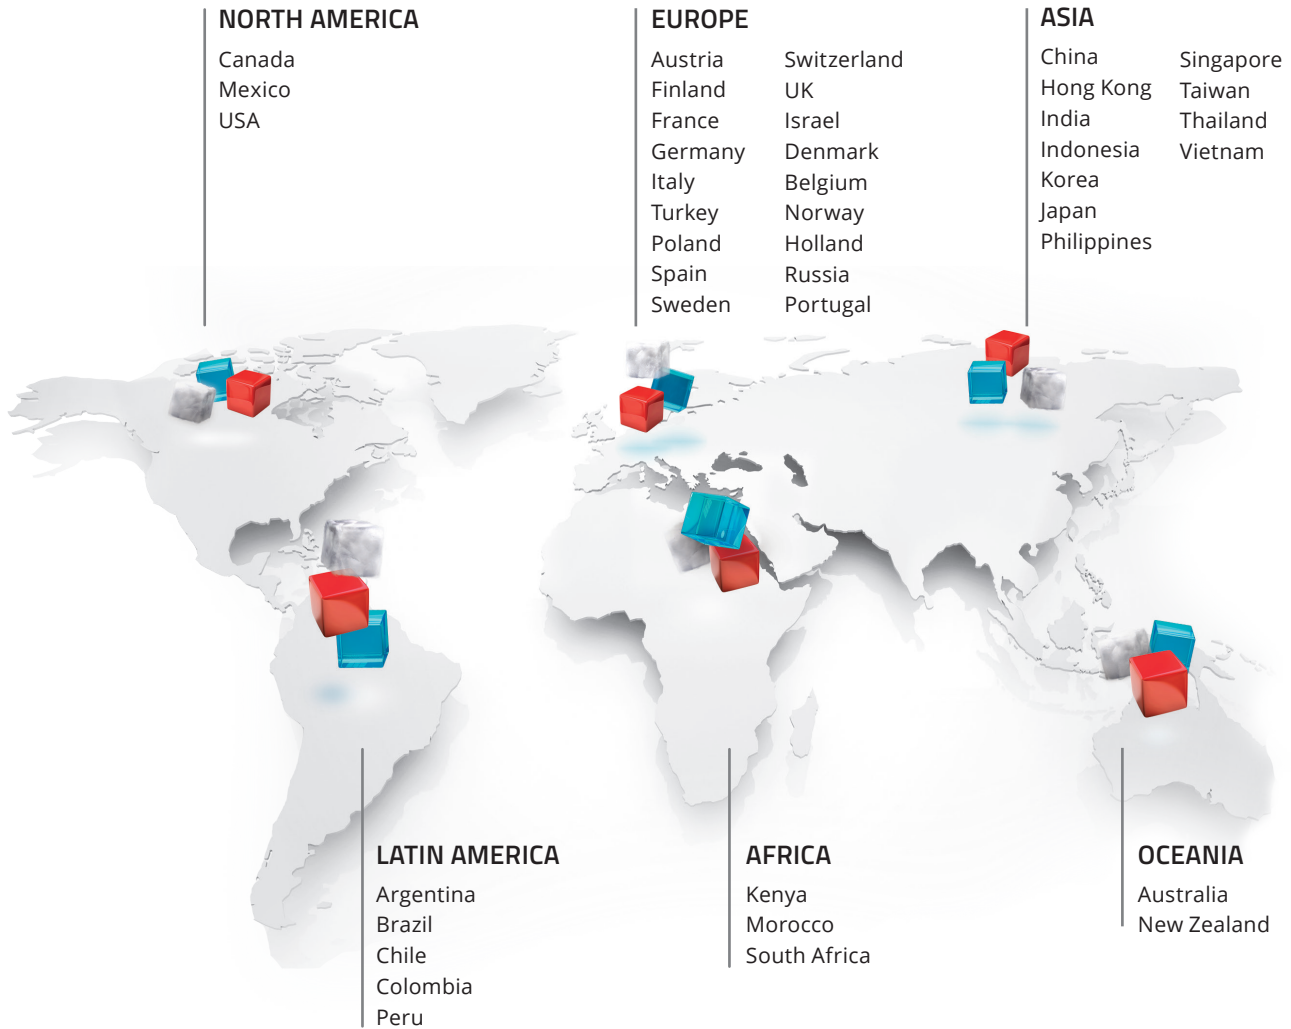

COMPACT

The VS-622DT is a compact form factor that fits in a 1U rackspace.

AV BEYOND THE BOX

In 1981, Kramer was founded with passion and resolve to innovate in the video era. Since then, we have consistently grown and evolved with an industry that has raced forward at lightning speed. Today, along with our partners and distributors, we passionately serve Pro AV customers on six continents with innovative solutions powered by cutting-edge cloud technologies, advanced software applications and industry-leading hardware.
