Kramer Electronics, Ltd.

USER MANUAL

Model:

UTBUS-1

Under the Table Connection Bus
1 Introduction

Welcome to Kramer Electronics! Since 1981, Kramer Electronics has been providing a world of unique, creative, and affordable solutions to the vast range of problems that confront the video, audio, presentation, and broadcasting professional on a daily basis. In recent years, we have redesigned and upgraded most of our line, making the best even better! Our 1,000-plus different models now appear in 11 groups that are clearly defined by function.

Congratulations on purchasing your Kramer UTBUS-1 under-the-table bus, which is ideal for boardrooms, conference and training rooms!

The package includes the following items:
- **UTBUS-1** Under the Table Connection Bus
- Power cord²
- Six self-locking ties
- Four mounting wood screws
- This user manual³

2 Getting Started

We recommend that you:
- Unpack the equipment carefully and save the original box and packaging materials for possible future shipment
- Review the contents of this user manual
- Use Kramer high performance high resolution cables⁴

2.1 Quick Start

This Quick start chart summarizes the basic steps when connecting a UTBUS-1:

---

1 GROUP 1: Distribution Amplifiers; GROUP 2: Switchers and Matrix Switchers; GROUP 3: Control Systems; GROUP 4: Format/Standards Converters; GROUP 5: Twisted-Pair Solutions; GROUP 6: Specialty AV Products; GROUP 7: Scan Converters and Scalers; GROUP 8: Cables and Connectors; GROUP 9: Room Connectivity; GROUP 10: Accessories and Rack Adapters; GROUP 11: Sierra Products

2 We recommend that you use only the power cord supplied with this device

3 Download up-to-date Kramer user manuals from our Web site: http://www.kramerelectronics.com

4 The complete list of Kramer cables is on our Web site at http://www.kramerelectronics.com
Getting Started

Step 1: Connect the wall plate items - see section 5.1

A
Unscrew the two screws that attach the blank plate to the connecting surface and remove the blank plate (save the two screws).

B
Place the required wall plate insert item over the opening.

C
Reinsert the two screws to affix the wall plate insert in position, and tighten them.

Step 2: Install the cables - see section 5.2
Step 3: Secure under the table - see section 5.4

Mark the correct location and insert the four M4.2x16 wood screws into the four rim screw holes and fix the UTBUS-1 to the table.
3 Overview

The **UTBUS-1** is a furniture-mounted connection bus that is easily installed underneath a wooden table or podium top. The unit is sturdy, cost-effective, and easy to install.

In addition, the **UTBUS-1**:  
- Includes two permanent components suitable for connecting a PC: one 15-pin HD connector and one stereo audio 3.5mm mini jack  
- Is modular in design, letting you install up to four wall plate inserts, according to your requirements\(^1\)  
- Includes one power socket – available in seven versions: USA, UK, Germany-EU, Belgium-France, South Africa, Australia, and “Universal” (for use anywhere)  
- Lets you install a Kramer TOOL or Pico TOOL inside the body of the unit

To achieve the best performance:
- Connect only good quality connection cables, thus avoiding interference, deterioration in signal quality due to poor matching, and elevated noise levels (often associated with low quality cables)  
- Avoid interference from neighboring electrical appliances that may adversely influence signal quality and position your Kramer **UTBUS-1** away from moisture, excessive sunlight and dust

---

5 Installing the UTBUS-1

This section describes how to:

- Mount the required wall plate insert items, see section 5.1
- Connect the cables, see section 5.2
- Connect the Kramer TOOL or Pico TOOL (optional), see section 5.3
- Secure the unit under the table, see section 5.4

5.1 Installing the Required Wall Plate Inserts

By default, the mounting surface includes a power supply and four blank plates for optional video, audio and network connectors.

Each blank plate can be removed and replaced with a Kramer passive wall plate insert or connector module for interfacing A/V type signals, if required.

To install a wall plate insert or connector module, do the following:

1. Unscrew the two screws that attach the blank plate to the connecting surface and remove the blank plate (save the two screws).

2. Place the required wall plate insert item over the opening.

3. Reinsert the two screws to affix the wall plate insert in position, and tighten them.

---

1 The complete list of Kramer wall plates and module connectors is on our Web site at http://www.kramerelectronics.com
5.2 Installing the Cables

To install the cables, do the following:

1. Connect the cables to the inside of the unit.
2. Insert the self-locking ties through the tie holes to secure the cables to the inside walls of the enclosure.

5.3 Connect the Kramer TOOL or Pico TOOL (Optional)

You can install a Kramer TOOL or Pico TOOL, as illustrated in the example in Figure 3.

To connect the Kramer TOOL to the UTBUS-1:

1. Connect the mounting brackets to the Kramer TOOL, as described in the Bracket Installation Kit Instructions1.
2. Insert the four 4x3/8" screws into the four TOOL mounting holes and fasten the Kramer TOOL to the inside floor of the UTBUS-1.

5.4 Securing the UTBUS-1 Enclosure to the Table

To install the UTBUS-1 underneath the table, as illustrated in Figure 4, do the following:

1. Place the unit to the underside of the table and mark the correct location.
2. Insert the four M4.2X16 wood screws into the four rim screw holes and fix the UTBUS-1 to the table.

*Figure 4: Securing the UTBUS-1 to the Underneath of the Table*

The UTBUS-1 is ready for use.

LIMITED WARRANTY

Kramer Electronics (hereafter Kramer) warrants this product free from defects in material and workmanship under the following terms.

HOW LONG IS THE WARRANTY

Labor and parts are warranted for seven years from the date of the first customer purchase.

WHO IS PROTECTED?

Only the first purchase customer may enforce this warranty.

WHAT IS COVERED AND WHAT IS NOT COVERED

Except as below, this warranty covers all defects in material or workmanship in this product. The following are not covered by the warranty:

1. Any product which is not distributed by Kramer, or which is not purchased from an authorized Kramer dealer. If you are uncertain as to whether a dealer is authorized, please contact Kramer at one of the agents listed in the Web site www.kramerelectronics.com.
2. Any product, on which the serial number has been defaced, modified or removed, or on which the WARRANTY VOID IF TAMPERED sticker has been torn, reattached, removed or otherwise interfered with.
3. Damage, deterioration or malfunction resulting from:
   i) Accident, misuse, abuse, neglect, fire, water, lightning or other acts of nature
   ii) Product modification, or failure to follow instructions supplied with the product
   iii) Repair or attempted repair by anyone not authorized by Kramer
   iv) Any shipment of the product (claims must be presented to the carrier)
   v) Removal or installation of the product
   vi) Any other cause, which does not relate to a product defect
   vii) Cartons, equipment enclosures, cables or accessories used in conjunction with the product
4. Removal or installations charges.
5. Costs of initial technical adjustments (set-up), including adjustment of user controls or programming. These costs are the responsibility of the Kramer dealer from whom the product was purchased.
6. Shipping charges.

HOW YOU CAN GET WARRANTY SERVICE

To obtain service on you product, you must take or ship it prepaid to any authorized Kramer service center.

Whenever warranty service is required, the original dated invoice (or a copy) must be presented as proof of warranty coverage, and should be included in any shipment of the product. Please also include in any mailing a contact name, company, address, and a description of the problem(s).

For the name of the nearest Kramer authorized service center, consult your authorized dealer.

LIMITATION OF IMPLIED WARRANTIES

All implied warranties, including warranties of merchantability and fitness for a particular purpose, are limited in duration to the length of this warranty.

EXCLUSION OF DAMAGES

The liability of Kramer for any effective products is limited to the repair or replacement of the product at our option. Kramer shall not be liable for:

1. Damage to other property caused by defects in this product, damages based upon inconvenience, loss of use of the product, loss of time, commercial loss, or:
2. Any other damages, whether incidental, consequential or otherwise. Some countries may not allow limitations on how long an implied warranty lasts and/or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights, which vary from place to place.

NOTE: All products returned to Kramer for service must have prior approval. This may be obtained from your dealer.

This equipment has been tested to determine compliance with the requirements of:

EN-50081: "Electromagnetic compatibility (EMC); generic emission standard. Part 1: Residential, commercial and light industry"

EN-50082: "Electromagnetic compatibility (EMC) generic immunity standard. Part 1: Residential, commercial and light industry environment".

CAUTION!

Servicing the machines can only be done by an authorized Kramer technician. Any user who makes changes or modifications to the unit without the expressed approval of the manufacturer will void user authority to operate the equipment.

Use the supplied DC power supply to feed power to the machine.

Please use recommended interconnection cables to connect the machine to other components.
For the latest information on our products and a list of Kramer distributors, visit our Web site: www.kramerelectronics.com, where updates to this user manual may be found. We welcome your questions, comments and feedback.

Safety Warning:
Disconnect the unit from the power supply before opening/servicing.
