Known Bugs:

ID	Deferred Bug Description
	None

Known Limitations:

ID	Deferred Bug Description
2085	On powered devices, CAT cable disconnection and reconnection may cause USB devices disconnection. Workaround: Either power-up device only after all cables are connected (recommended) or wait at least 10 seconds before re-connecting CAT cable.
2069	When a device is PoC-powered via HDBT, total USB devices charging current is 0.5A only. Workaround: Power device via either LAN PoE or optional power supply to increase total charging current.

& re-connection

Preceding Version: N/A
